## WANAMAKER'S

Men's Mackintoshes, \$6.50. There's much we might tell about them—but what's the use? Our guarantee is broad, and live up to.

## The Cheapest Store in New York

THERE'S a wide difference between the light, jerky train on a narrow-gauge railroad and the heavy "limited" that skims smoothly along at sixty-five miles an hour. And the difference is not offset by the price of the ticket. The limited is really the cheaper—in time-saving, security and comfort.

The Wanamaker Store and railroads have points of similarity. The heavy, secure and really cheap road has flower beds and beauty along its path. The store is beautiful. The poor railroad and the ordinary store are skimpy. Great stocks—ample selections—characterize the Wanamaker system.

The hot-box of haste and carelessness are unknown here.

Which sort of store do you take stock in?

Personal responsibility—hold us to it. One buys at a "cheap" store in the unacknowledged belief that the customer is smartest—that one gets the best of it. But do you? And when, too late, the purchase turns out badly, the unction you take is, "Well, I didn't pay much." If anything from this store fails to please, bring it back. Hold us to our promise—

"Reliable goods only, at the least cost; anything (barring certain articles) not exchangeable, for reasons of safety to health, and daintiness) returnable for cheerful re-imbursement, if uninjured."

Wanamaker's is the safest, cheapest store in New York. And thousands have proved it.

## Rubber Shoes--Men's and Women's

How good? That should be first thought in buying rubbers. If a pair bought here "goes wrong" it is because of some defect we couldn't find out in advance—an accident of manufacture—and the loss is ours. For we want you to fetch a poor pair back.

Men's Rubbers, high or low cut, 75c.

Women's Rubbers, "storm" cut, or as low as you please, 50c.

And every right sort of Arctic, Alaska and boot is here, as well.

Sold in regular shoe store. And, for convenience, in the Bargain Store on fifth floor—not deceptively, but to save time and trouble.

**Men's Shoes** \$2.65 instead of \$3, \$3.90 and \$5. Our own good regular stock—and sold in the regular Main-floor Shoe Store.

Simply to sell off the last pairs of lots that, though popular enough, are not to be re-ordered.

Printed Leather

Calfskin

Russia Leather

Mostly the narrow lasts.

In the Fifth-floor Shoe Store this lot of—

1,389 pairs of black and russet shoes—calfskin and kidskin—leather or drill lined—winter shoes for gentlemen—\$1.75.

Details were printed in some of last night's papers. In a word, the story is that nearly five hundred of the popular Kersey Overcoats, blue and black, to sell at \$12 and \$13.50, though values run up to \$20, and the garments marked at \$13.50 have satin-lined shoulders. All are full lined with all-wool fabric. Wish we had more, but there is no possible chance, it seems, to get them.

Second door, Fourth avenue.
